Common Core State Standards

Explain the relationships or interactions between two or more individuals, events, ideas, or concepts in a historical, scientific, or technical text based on specific information in the text.

Task Cards

for informational texts

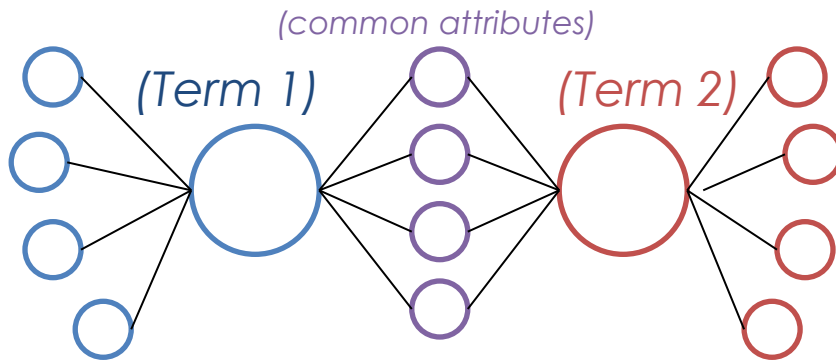

Directions: Use a task card to explain the relationships and interactions in an informational text.

Standard: Explain the relationships or interactions between two or more individuals, events, ideas, or concepts in a historical, scientific, or technical text based on specific information in the text.

Task Card

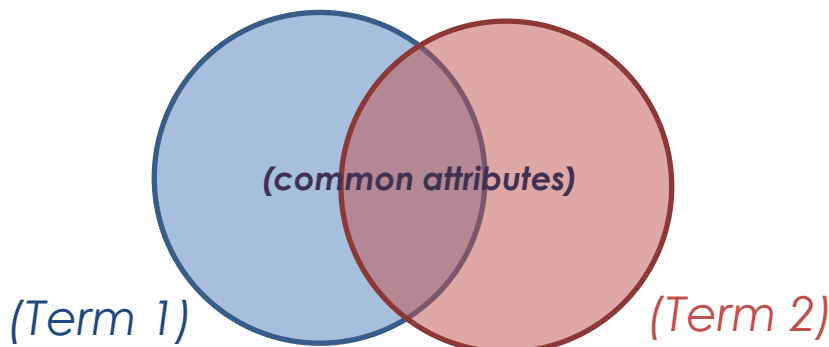

Draw a Double-Bubble Map. Choose two people, events, or concepts from the text, and expound upon them using the map.

Task Card

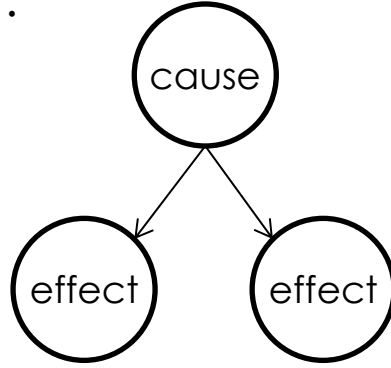

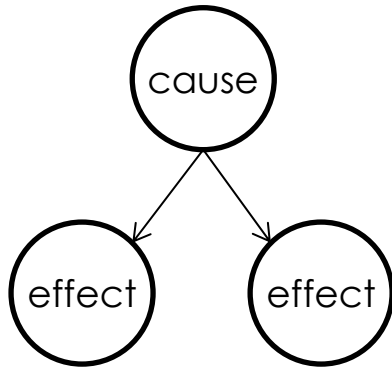

Draw a Venn diagram. Choose two people, events, or concepts from the text, and expound upon them using the diagram.

www.CoreCommonStandards.com

Task Card

Copy the map drawn below. Use the maps to illustrate cause-and-effect relationships from the text.

www.CoreCommonStandards.com

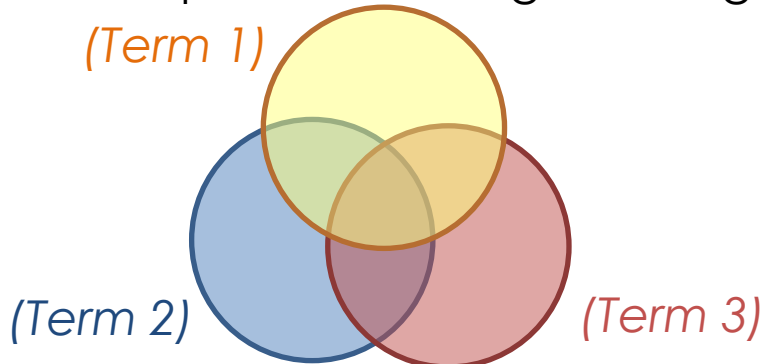

Task Card

Write a one-paragraph “character sketch” for each of two people from the text. Write a third paragraph describing the interactions and relationship between the two people.

www.CoreCommonStandards.com

Task Card

Draw a Venn diagram. Choose three people, events, or concepts from the text, and expound upon them using the diagram.

www.CoreCommonStandards.com

Task Card

Write a one-paragraph “character sketch” for each of three people from the text. Write a fourth paragraph describing the interactions and relationship among the three people.

Relationships

Directions: Read about a historical event using at least two sources. Present the information you learned in a dialogue format between two individuals that experienced or witnessed the event.

person

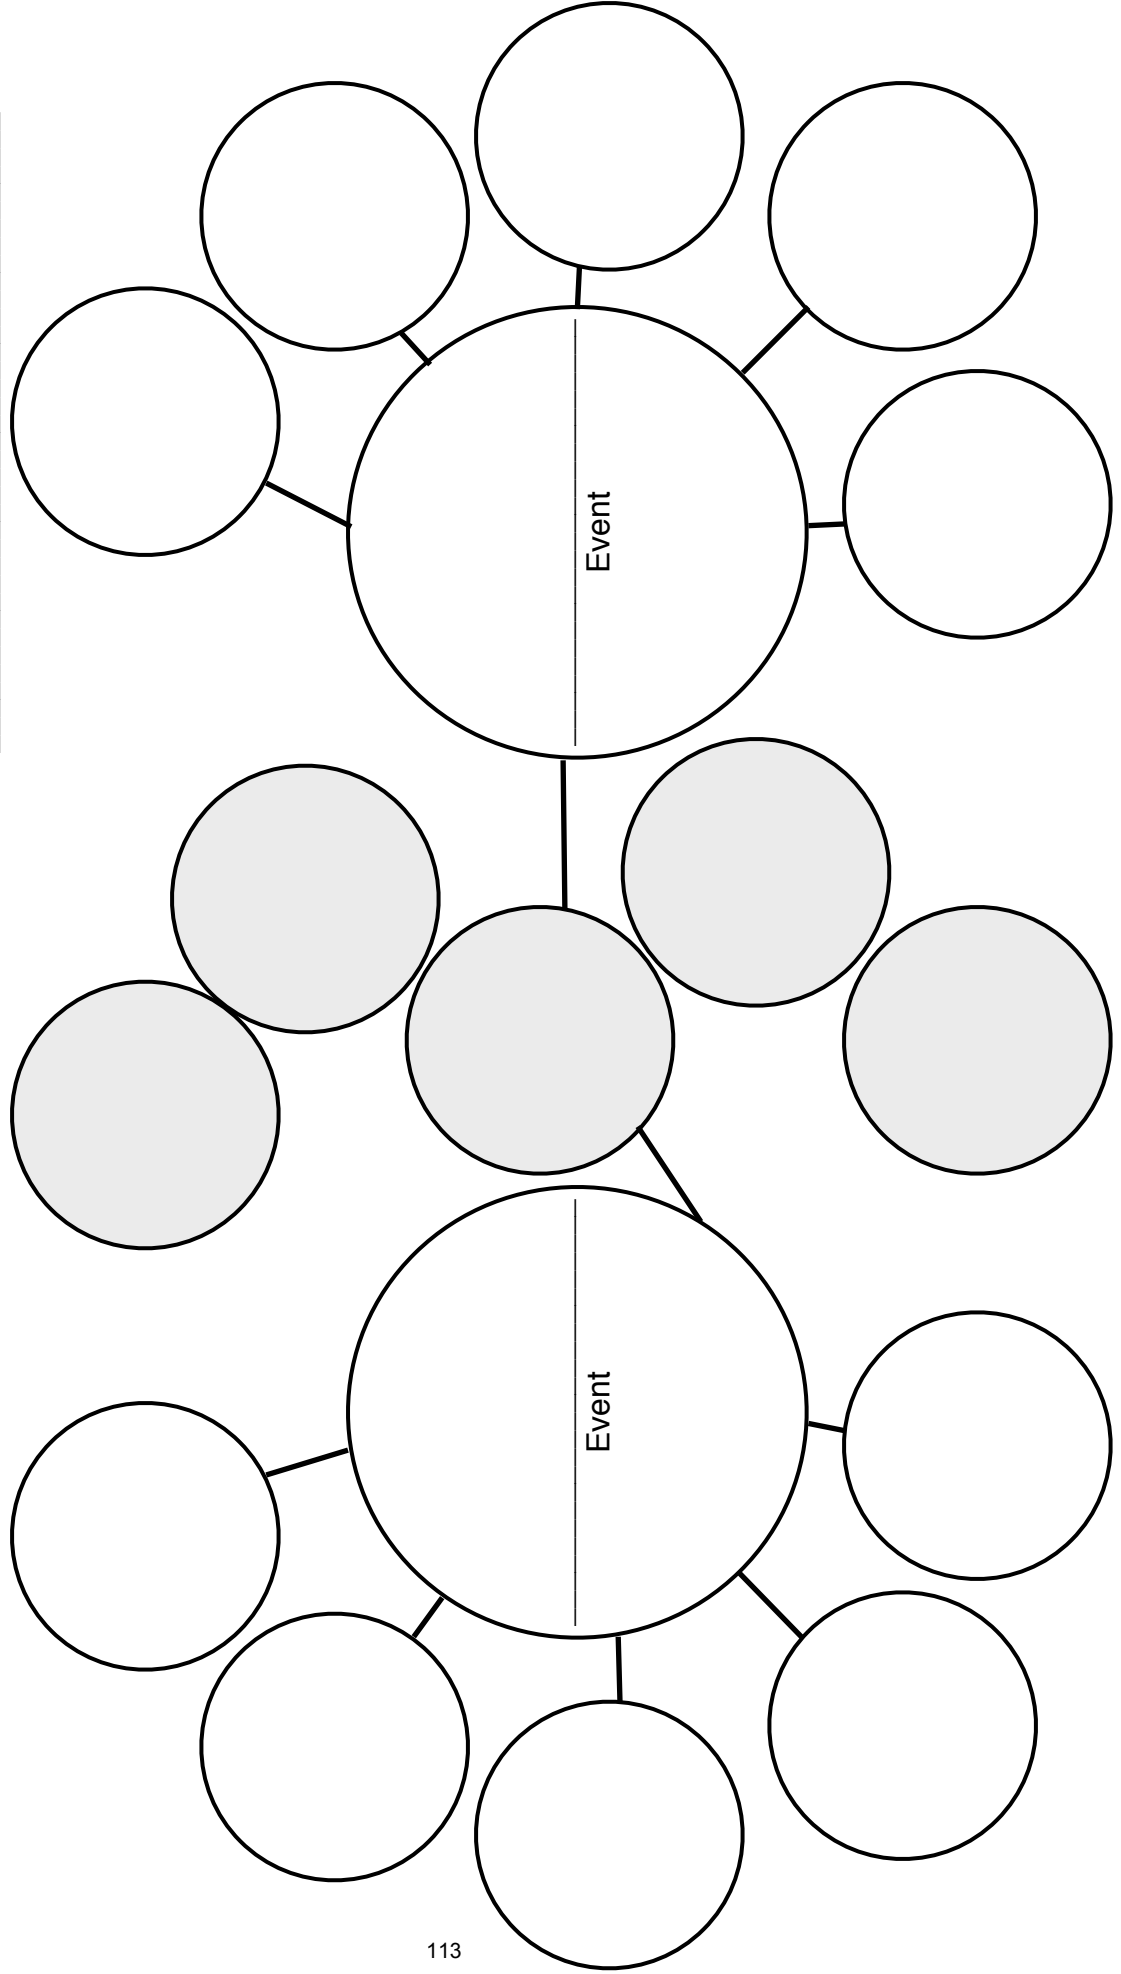

person

Compare & Contrast

Directions: After reading two different historical texts about the same event, compare and contrast the events with the bubble chart.
